

K-LOVE serves me in my community by providing encouraging Christian music, as well as positive biblical values.

If K-LOVE were to be displaced by an LPFM, we would not have the opportunity to hear the Gospel on a daily basis and would not have the choice to listen to Christian music and the only stations available would be inappropriate secular music.

I believe it is in the public interest to keep K-LOVE on the air in San Diego because we need to be lifted up and encouraged daily in our Christian faith and we need to spread the Gospel through the airwaves.
